Model 2215TG

Drinking Water Cooler Specifications / Alpine Terminator Series

Product Name	Hot/Cold Water Cooler	
Model No.	2215TG	2203FG
External Dimensions	340(W)x350(D)x475(H)mm	340(W)x350(D)x1156(H)mm
Weight	Abt. 35lb	Abt. 59lb
Compressor	1/10HP Sealed Type	
Condenser	Wire Type	
Motor Power Consumption	120W	
Refrigerlant	R-134a	
Cold Water Tank	STS 304, 4 Liters	
Cold Water Capacity	20 Cups at 39~53°F	
Temperature Control	Thermostat(in Cold)	
Cooling	Forced Cooling Type	
Heater Power Consumption	480W	
Hot Water Tank	STS 304, 1.6 Liters	STS 304, 2 Liters
Hot Water Capacity	15 Cups at 169~194°F	
Heater	Band Heater	
Temperature Control	Bi-metal(Auto Return)	
Overheat Protection Device	Bi-metal(Manual Return)	
Power Cord Length	1.8m	
Front Cover	ABS	
Faucet	ABS Assembly	
Regulated Power	AC120V/60Hz, Single - Phase
